Tha am pàipear seo a' coimhead air cor na Gàidhlig aig ère pharaisteach bho àm Cunntas-sluagh 1891 chun an fhir mu dheireadh mu bheil fiosrachadh ri rhaotainn, 's e sin 2011. Thuige seo cha robh e furasta dealbh shìlan fhaighinn de neart na Gàidhlig gu nàiseanta aig ère pharaisteach, agus 's dòcha gun dèan am pàipear seo feum le bhith a' tarraing còmhla an fhiosrachaидh a th' ann ann an diofar thùsan. 'S iad na paraistean catharra ('s a' chuid mhòr dhiubh air a' Ghàidhealtachd àibheiseach mòr an taca ri paraistean na Galltachd) far an robh a' Ghàidhlig aig a' mhòr-chuid den t-sluagh a tha fon phrosbaig an seo, agus tha am pàipear seo an eiseimeil air obair Kurt Duwe à Hamburg agus an làrach-lìn aige, linguae-celticae.com. Mura b' e Duwe, droch theansa gum biodh am pàipear seo ann.

Mar a tha na clàran a leanas a' sealltainn, bha coimhearsnachdan Gàidhlig air feadh tìr-mòr 's nan eilean aig àm a' chiad chunntais agus aig toiseach na 20mh linne. Ann an 1891 bha a' Ghàidhlig aig a' mhòr-chuid de mhuinntir 76 paraistean (à 871 ann an Alba air fad), agus chithear mar a chaidh an àireamh sin sìos chun na h-ìre 's nach robh ann an 2011 ach seachd paraistean air fhàgail anns an robh a' Ghàidhlig aig a' mhòr-chuid.

Tuigear cho iomlan 's tha an crìonadh air a bhith nuair a chithear gum b' e Tiriodh a' pharaiste a bu treasa a thaobh na Gàidhlig ann an 1891 agus gun robh a' Ghàidhlig aig còrr is 90% de mhuinntir còrr is 20 paraiste. Bha a' Ghàidhlig na mòr-chànan ann an Tiriodh ann an 1991 ach cha robh bhon uair sin, agus cha robh paraiste sam bith os cionn 90% bho 1981 a-mach.

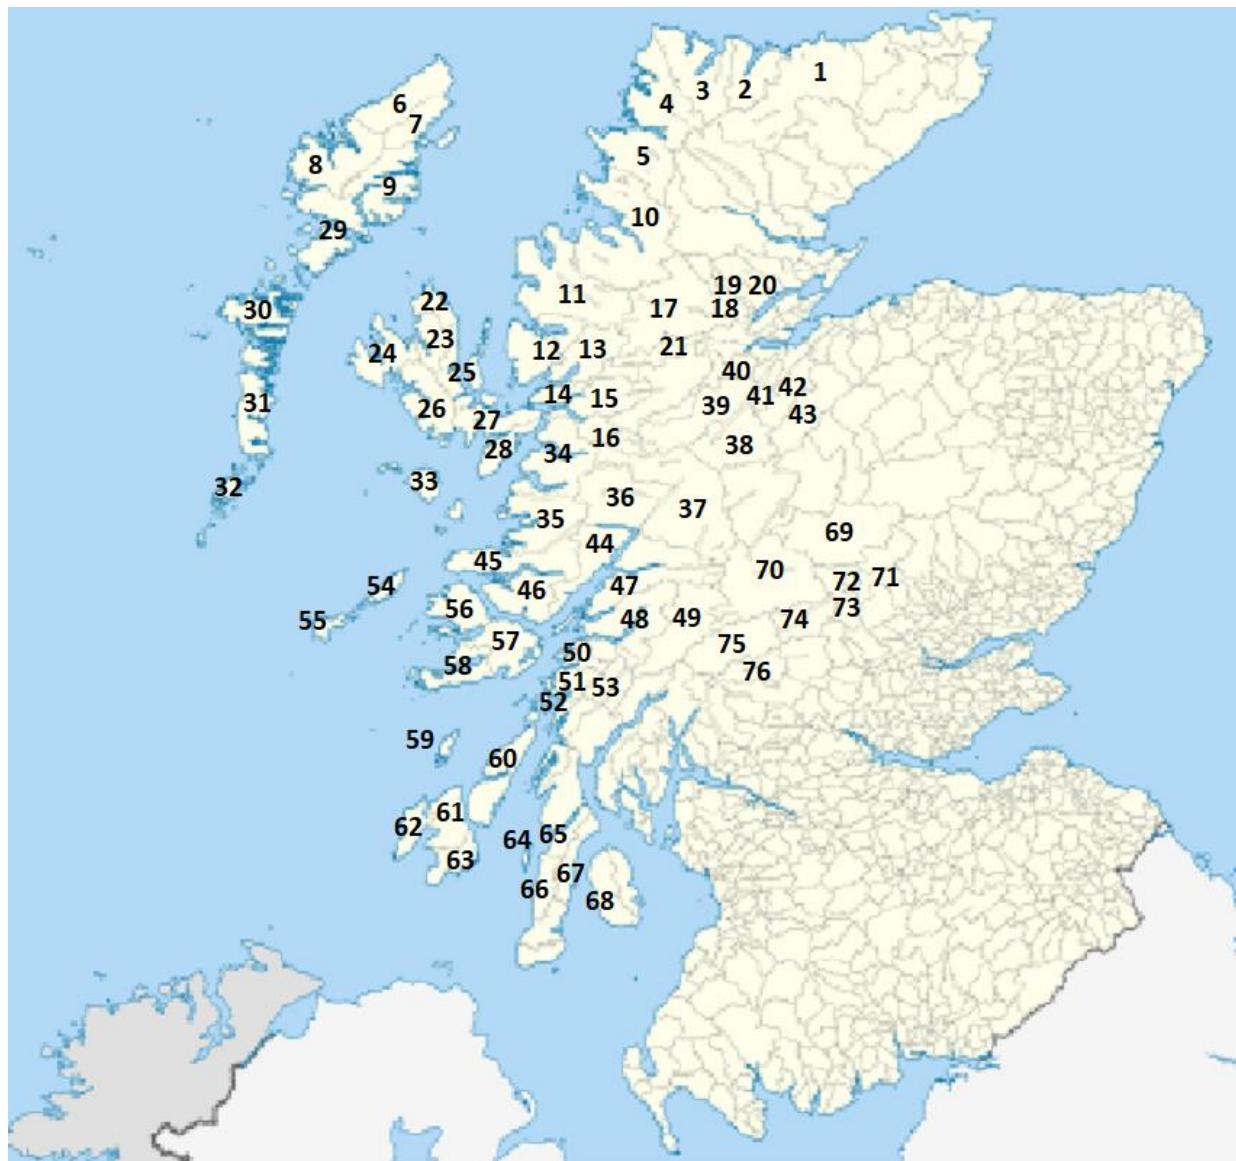

A' smaoineachadh air 1891, feumar cuimhneachadh nach robh 20 bliadhna air a dhol seachad bhon a reachdaicheadh Achd an Fhoghlaim (Alba) ann an 1872 's nach robh a' Ghàidhlig ceadaichte ann an sgoiltean idir gu às dèidh a' Chogaidh Mhòir. Chithear toradh na h-Achd anns na cunntasan, ach cha b' e Achd an Fhoghlaim an t-aon adhbhar air crìonadh na Gàidhlig. Tha grunn fhactaran ag adhbhurachadh bàs càinain, eadar inbhe is feumalachd a' chàinain ann an suidheachaidhean poblach, cion spèise don chànan 's don choimhearsnachd agus reachdan nach eil taiceil. A-nis 's gu bheil tomhas de thaic ann dhan Ghàidhlig 's àireamhan mòra de luchd-ionnsachaidh ann, tha e ìoranta gu bheil i an uchd a' bhàis anns na dearbh àiteachan a chùm beò i cho fada.

Tha na clàran a leanas feumach air mìneachadh. Tha iad a' coimhead air na paraistean anns an robh a' Ghàidhlig na mòr-chànan 's aig co-dhiù 10% den t-sluagh ann an 1891 agus anns gach cunntas às dèidh sin. Tha na ceudadan os cionn 50% ann an clò dorcha, agus mar sin chithear gu soilleir nuair a chaidh a' Ghàidhlig na mion-chànan anns gach paraiste fa leth. Tha na paraistean air an liostachadh a rèir na h-aibideil anns a' chiad chuid de na clàran agus a rèir neart na Gàidhlig anns an dùrna earrainn. Tha ceithir clàran fa leth anns an treas earrainn agus iad a' dèanamh coimeas eadar paraistean is cunntasan; leis mar nach robh ach seachd paraistean ann an 2011 le mòr-chuid Ghàidhlig anna, tha Clàr A a' liostachadh nan seachd paraistean a bu treasa aig àm gach cunntais eadar 1891 is 2011; ann an Clàr B chithear na paraistean os cionn 90% aig àm nan diofar chunntasan; tha Clàr C a' taisbeannadh mar a chròn a' Ghàidhlig tro na deicheadan anns na seachd paraistean anns an robh mòr-chuid Ghàidhlig ann an 2011; agus tha Clàr D a' sealltainn nam paraistean ann an 1891 leis na h-aon cheudadan de luchd-labhairt ris na seachd a bu treasa ann an 2011.

Tha dà litir a' riochdachadh nan siorrachdan anns a bheil na paraistean mar a leanas:

BD - S. Bhòid; CA - Cataibh; EG - Earra-Ghàidheal; IN - Inbhir Nis; PR - S. Pheairt; RC - Ros is Cromba.

Nòtaichean:

Bha a' mhòr-chuid a' bruidhinn na Gàidhlig air taobh an iar Arainn, ann an Cinn Tìre tuath air Ceann Loch Chille Chiarain agus ann an tìr-mòr Earr-Ghàidheal tuath air Creiginis, Cill Mhàrtainn agus Inbhir Aora. B' i a' Ghàidhlig cànan a' mhòr-shluaign ann an eileanan Earr-Ghàidheal air fad. Mar an ceudna, bha a' Ghàidhlig aig a' mhòr-chuid de mhuinntir ceann an iar-thuath S. Pheairt ann an Athall, Bràid Albainn agus Raineach. A bharrachd air eileanan S. Inbhir Nis agus Gleann Eilg, bha a' mhòr-chuid a' bruidhinn na Gàidhlig ann an Loch Abar agus anns na paraisteann air dà taobh Loch Nis, cho fada deas ris a' Mhòigh air rathad an A9 agus cho fada an ear ri Bràigh na h-Àirde agus Deimhidh. Nas fhaide tuath ann an Ros is Cromba, bha a' Ghàidhlig aig a' mhòr-chuid ann an Leòdhas agus air a' chosta an iar, ach cuideachd ann am Meadhan Rois agus na paraisteann tuath is deas air Inbhir Pheofharain. Ann an Cataibh b' ann anns na còig paraisteann air a' chosta an iar 's a tuath a bha a' Ghàidhlig aig a' mhòr-chuid.

Nòtaichean:

Far an robh a' Ghàidhlig glè làidir mar chànan coimhearsnachd, cha robh iùre crìonaidh cho àrd agus bha na coimhearsnachdan na bu dualtaiche an cànan a ghleidheil, ach far an robh an ceudad na b' isle, can fo 70%, bha e coltach gun crìonadh an cànan na bu luaithe. Cha robh iomallachd leatha fhèin na adhbhar gleidheil, ach ann an sgìrean far an robh prìomh rathaidean no rathaidean iarainn air an togail, bha iùre a' chrìonaidh na b' àirde.

Tha e inntinneach nach robh paraiste sam bith anns na h-Eileanan Siar am measg nan còig a bu treasa a thaobh na Gàidhlig.

Nòtaichean:

Ann an 2011 bha a' Ghàidhlig ann am Barbhais aig an ìre 's a bha i air taobh an iar Chinn Tìre agus taobh an iar S. Pheairt ann an 1891. Ann am Barraigh bha a' Ghàidhlig beagan na bu laige ann an 2011 na bha i ann an 1891 air taobh an iar Arainn agus ann an Lagan Rait eadar Dùn Chaillean 's Baile Chloichrigh air rathad an A9. Ann an 2011 bha Uibhist a Tuath cho lag a thaobh na Gàidhlig 's a bha Uaimh faisg air Obar Pheallaidh, agus bha Na Hearadh is Uibhist a Deas co-ionnan ri taobh an ear Chinn Tìre agus taobh a deas Loch Nis aig deireadh na 19mh linne. Bha Ùig ann an 2011 na bu laige na na sgìrean timcheall air an Òban agus tuath air Inbhir Pheofharain 120 bliadhna roimhe, agus bha a' Ghàidhlig air na Lochan aig an aon ìre ri Cill Cholmain Eala ann an Cinn Tìre ann an 1891.

Chan eil e furasta fàisneachd a dhèanamh, agus cha robh craoladh no foghlam Gàidhlig no goireasan taiceil eile rim faotainn ann an 1891, ach ann an Cill Tighearna, Dul, Alanais agus Cill Cholmain Eala bha a' Ghàidhlig air a dhol na mion-chànan ro 1901. Anns na paraistean eile gu h-àrd bha i a' Ghàidhlig na mion-chànan ann an 1911 (ach a-mhàin ann am Both Phuidir far an do mhair i na mòr-chànan gu 1921).

Chan eil am pàipear seo a' tarraing dealbh uabhasach dòchasach den Ghàidhlig mar chànan coimhneachdan, ach feumar cuimhneachadh gu bheil coimhneachdan ùra (no 's dòcha lìonraidhean ùra) gan cruthachadh agus gu bheil an cànan a' tighinn bhuaithe mu dheas is mun ear air tìr-mòr. Theagamh gun toir an dà sheòrsa coimhneachdan (no lìonraidh) taic is brosnachadh do chèile.
